

## What separates ESS from the competition

- Standard 2 year/unlimited mileage warranty on all street supercharging systems.
- Excellent technical support from trained, knowledgeable, and enthusiastic personnel.
- True OEM quality fit and finish, designed to fit under the factory hood and inside the engine bay without any fabricating.
- Designed for maximum performance at safe boost levels on stock unmodified engines.
- Fully OBD-II diagnostics compatible.
- Fast service and support.
- 100% complete systems, making installation and ownership easy and trouble free.

## ESS x45/x50 N62 TVS supercharger system

**WWW.E SSTUNING.COM**

## TVS Series Supercharging System

The ESS N62 TVS Series supercharger system features the Eaton TVS 1900 rotating assembly in a ESS proprietary inlet driven SC housing mated to a high-flow CAD designed cast aluminum intake manifold system. TVS2 features a massive manifold mounted liquid heat exchanger with dedicated high capacity cooling circuit. TVS1 systems are fully upgradeable to TVS2. The highly efficient, positive displacement Eaton TVS based design generates massive torque over the whole RPM range. The ESS N62 TVS system is virtually inaudible, and completely maintenance free.

**This system is available for the following models:**

<b>E60 545i</b>	<b>E63 645Ci</b>
<b>E60 550i</b>	<b>E63 650i</b>
<b>E65 745i</b>	<b>E53 X5 4.4i N62</b>
<b>E65 750i</b>	<b>E53 X5 4.8is</b>
<b>E70 X5 4.8i</b>	

## Performance Data

x45 N62B44 TVS1 : 430HP  
x45 N62B44 TVS2 : 465HP  
x50 N62B48 TVS1 : 450HP  
x50 N62B48 TVS2 : 480HP

## Price

TVS1: **\$7,495**  
TVS2: **\$8,995**
